

If bird flu comes here...

These won't help.

We will.

Join our study on bird flu vaccines!

You may be eligible for the study

if you are **healthy** and between **18-49 years old**.

The study consists of **4-9 visits** over the course of **6-12 months**.

You will be compensated \$50 per visit for time and travel.

Contact **Hope Clinic** if interested:
